Kaymo air compressors offer portability with a wide range of options to cater to vast pneumatic air requirements. The option of using oil free air compressors in sound sensitive surroundings is an added feature for customers.

A variety of pneumatic tools like staplers, brad nailers, coil nailers, headless pinners, blow guns and spray guns, among others can be operated on site with the Kaymo compressors, which are easy to manoeuvre. Our air compressors provide compact, lightweight and transportable compressed air solutions.

Equipped with wheels and running gear for towing, their unique design makes Kaymo portable air compressors ideal to complete jobs at various locations.
